Re: Anthem Invoice #81 & 82

Dear Mr. Van Quathem:

Enclosed are the eighty-first and eighty-second invoices submitted for payment. Please note that Arizona American Water Company received approval from the Arizona Corporation Commission for a new fee known as "Rate Base Reduction RBR-1" (RBR-1) (see attached tariff). This fee was approved and effective as of August 1, 2006. The fee is similar to the meter and CRC fees as it is a one time charge that is assessed only once per Service Connection, or residential lot within a platted subdivision. The balance due for:

<u>DESCRIPTION</u>	<u>AMOUNT</u>
(1) Meters	46,210.00
(2) Capacity Reservation Charges (CRC)	339,660.00
(3) Rate Base Reduction (Invoice 82)	1,059,000.00
(4) Rate Base Reduction (Invoice 81)	2,605,500.00
REMIT AMOUNT DUE	\$4,050,370.00

Items 1, 2, and 3, represent meters requested that have not been paid. Item 4 represents lots that do not have a new permanent customer - either a meter has not been set or the meter has been set but not yet in service with a new permanent customer.

We note the existence of approximately 103 "permanent" customers who have never paid a bill. We suspect these are not permanent customers and, thus, they may be also subject to the RRB-1 tariff. We anticipate completing our review of these accounts by the next invoice.

Enclosed, I have separated the detailed billing between meter fees, CRC fees, and the Rate Base Reduction fees. Also, I have divided each fee between each subdivision. Please remit the total of \$4,050,370.00 to:

Anthem Water District
(Name of Service Area)

5. Use of and accounting for Rate Base Reduction charge: Proceeds from this charge shall be accounted for as a contribution in aid of construction. As such, they will be treated as an offset to rate base in any future ratemaking proceeding. The Company shall maintain on its books an accounting of the charges collected pursuant to this tariff.
